New Trusted Identity Begins

SOLID-810L is a new-generation retransfer card printer that offers the industry's fastest issuance speed. IDP's innovative retransfer heating technology- Rapid Retransfer Printing technology or "RRP" provides the fastest "Ready to Print" metric in the industry. No more waiting several minutes for your outdated retransfer printer to heat up.

RRP technology from IDP offers power-on and Ready to Print in only seconds. The SOLID-810L produces higher quality, sharper-looking images than traditional card printers. It is the perfect choice for demanding applications that require deep dark colors with infinity-edge (full-bleed) graphics on blank or technology cards.

The input card hopper holds up to 200 cards and physical security features allow you to secure your printer, its supplies, and ejected cards in instant bank card issuance or high-security applications.

Features

- The FASTEST First-Card-Out speed
- High-Security Holographic Laminate
- High Volume Capacity (200 cards)
- Infinity Edge / Over the Edge Printing
- Patch or Edge-to-Edge Laminating
- Advanced Bank Card Issuance Security
- Robust & Innovative Product design

IDP

Issuance

SMART IDesigner ensures accurate card issuance and data management with your SOLID series of printers. This application offers simple design tools to allow the user to create a truly customized card within minutes. SMART IDesigner offers advanced user tools such as database connections, camera and signature scanners, plug-in support, as well as smart card reading and encoding.

- Design and print (Image, Photo, and Text)
- 1D & 2D Barcode printing
- Auto portrait (Auto face detection, adjustment of size & position)
- Printing of sequential numbers
- Card design templates
- Plug-in for supporting external devices (Sign pad, Camera, Scanner)
- Convenient card issuance and data management
- Magnetic stripe (MS), contact & contactless smart card encoding by using a plug-in program

Security

The SOLID series printers come with highly effective and tested physical and electronic security features.

- PASSWORD verification with administrator and user authentications
- PC AUTHENTICATION locks the SOLID printer to a specific PC to render it useless if stolen
- DATA ENCRYPTION over USB and SSL (secure socket layer) over Ethernet
- PHYSICAL LOCKS are standard on the SMART-70 and an optional feature on the SOLID-510 Series
- Ethernet - SNMPv3

Networking

The SOLID series offers "single-wire" printing and encoding.

- The SOLID Ethernet module can not only print over your network, but can also be configured to encode a magnetic stripe, contact IC chips, and contactless smart cards over your network
- The SOLID Ethernet module can be configured to accept "open card protocol" print commands for direct printing without a driver

Printing

Print Type	Dye-Sublimation / Resin Thermal Retransfer
Print Area	Edge-to-Edge
Resolution	300dpi / 600dpi

Print Speed

YMCKK	Max. 43 sec./card (84 cards/hour)
YMCKK/Laminating	Max. 51 sec./card (71 cards/hour)

System

Display	2 Line Graphic LCD Indicator / 4 Buttons
Supported Platforms	Microsoft Windows /7/8/10, 11, Mac OS, Linux
Communication	USB, Ethernet
Power Supply	100-240V~ 50/60Hz 2.5A
Temperature/Humidity	15~35ºC/35~70%

Certifications

CB CE FC 🅺 C

Laminating

Type	Direct Heating Lamination
Film (clear & holographic)	0.6mil, 1.0mil
Film Thickness	0.6mil, 1.0 mil
Type	Direct Heating Lamination
Speed Simultaneous (Single Lamination)	20 sec./card (180 cards/hour)
Interface	1 LED indicator
Communication	IR type

Card

Card Feeding	Automatic
Card Size	ISO CR80 (54mm x 86mm/2.12" x 3.38")
Card Thickness	0.76mm (30mil) ~ 1.6mm (64mil)
Card Type	PVC, PC, PET, Composite PVC

Capacity

Input Hopper	200 Cards
Output Hopper	100 Cards

Dimensions

Millimeter (WxDxH)	(Printer) 460 x 224 x 310mm (Laminator) 240 x 224 x 260mm
Inch (WxDxH)	18.1 x 8.8 x 12.2

Weight

Kg/lbs	(Printer) 11.4 / 25.13 (Laminator) 6.2 / 13.7

Encoding Options

Magnetic	ISO 7811 (Track I, II, III Read/ Write, HiCo/ LoCo)
Contact	ISO 7816 (ID-1)
Contactless	ISO 14443 (Type A/ B), ISO 18092(NFC), MIFARE, DESFIRE
Security	Physical & Electronic Locking System

Consumables

Color Ribbons

YMCK — Full Color Ribbon with Resin Black — 500 Cards/Roll

YMCKK — Full Color Ribbon with Resin Black & Resin Black for Back Side — 500 Cards/Roll

Retransfer Film

Retransfer Film — 500 Cards/Roll

310mm (12.2 inch)
224mm (8.8 inch)
700mm (27.5 inch)

SOLID-810L	653671
Contactless Enc. (USB)	653540
Contact IC Enc.	653539
Mag Encoding	653538
YMCK (retransfer film pack)	653548
YMCKK (no film included)	653550
Retransfer INTM Film	653551
Clear 1mil Laminate Film	659609
Secure Globe 1 mil Film	900828
